# Meet H.E.I.D.I

Heidi races under the sea on 12:1 drive motors, reaches for the surface with two 3 Stage Viper Linear Slides on 15:1 motors and clean up the ocean with a 6 axis arm.

Heidi can:

- Grab samples off the field
- Grab specimen off the wall
- Complete a level 2 ascent
- Put samples in both buckets
- Hang specimen on both chambers
- Complete a 67 point auto

# We're Excited to be Here
